( Points: \_\_\_\_\_ )  
10 x 1      10

### Reading

#### E Read the text and mark the sentences as T (true), F (false) or NS (not stated).

#### Old York

We have New York, but England has old York. It is one of the country's top tourist destinations outside of London. The town offers a captivating tour of historic sights within its formidable medieval wall.

The town has a rich, long history. It served as a Roman provincial capital in A.D. 71. Then it was the capital of the Anglo-Saxon kingdom of Northumbria after the fall of Rome. And, finally, it became a trading center in the 9th century.

The city is famous for its historical buildings. The most popular is the city's fine cathedral, or Minster. This magnificent cathedral is York's best-known sight. It is Britain's largest Gothic church and is still in use today.

The York Minster is also known for its 15th-century stained glass. It is called the Great East Window. The size of it is the same as the size of a tennis court. Just below the window there is a gigantic dome called The Orb that has already been restored. It was originally intended for God's eyes only.

Just outside the city walls near the train station is the National Railway Museum. It shows two centuries of British railroad history. In the Industrial Age, York was the railway centre of northern England. The museum can offer beautifully preserved historic trains. Visitors can also have a look at a steam engine. It is opened to show cylinders, driving wheels, and a smoke box in action. Exhibits trace the evolution of steam-powered transportation from very early trains like an 1830 stagecoach on rails to the aerodynamic Mallard. It was famous as the first train to travel at two miles per minute.

Old York has got loads of more to offer its visitors. Come and see!

## Test 6

- 1 Old York is a modern city in England.
- 2 There are a lot of places to visit in old York.
- 3 Old York is a Roman capital.
- 4 Old York has been in the centre of historical events.
- 5 The best known sight of Old York is an ancient cathedral.
- 6 Minster is larger than any other Gothic church in Britain.
- 7 Minster still functions nowadays.
- 8 The National Railway Museum is situated out of the city.
- 9 You can see different transport means in the National Railway Museum.
- 10 You can get to the National Railway Museum by train.

Points: \_\_\_\_\_  
10 x 1      10
